Who is the Australian Centre for Work Safety?

We are the leading global provider of distance learning opportunities in occupational health and safety. As a business unit within Polytechnic West, ACWS can offer you award qualifications that are recognised nationally.

What is our focus?

Our focus is to provide individuals with award certification in the area of Occupational Health and Safety. Occupational Health and Safety professionals assist organisations to manage the workplace health and safety system by facilitating positive change in the areas of people, environment, equipment and work tasks.

What employment opportunities exist in the area of occupational health and safety?

Your award certification may lead you to opportunities in the following appointments:

- Work Health & Safety Practitioner
- Safety Officer or Supervisor
- Occupational Safety & Health Coordinator
- Safety & Quality Manager
- Safety & Environment Manager

What courses can you offer me?

You can now study the business services training package in Occupational Health and Safety with us, commencing with a Certificate III or Certificate IV, then Diploma and Advanced Diploma.

Business Services Training Package BSB07 for Residents of WA

We have a prerequisite that you must have successfully completed the lesser qualification prior to enrolling in the higher qualification.

Is there any tertiary recognition once I have completed the Advanced Diploma?

Up to eighteen months credit in a Bachelor of Science (occupational health and safety) is available through distance education once you have successfully completed the Advanced Diploma.

Do you offer Distance Education @ my destination?

We specialise in distance education. We can email or post an enrolment form to you at your request and you can enrol at any time in one unit of your course.

Once your payment has been received for an individual unit, we then post to you a unit pack complete with unit guide and assessments (usually a workbook, open book exam & assignment) or Portfolio at your request. We also suggest that you purchase the recommended text books for the course with your first unit.

You can complete your assessments as fast as you like! As soon as you have completed your unit assessments send them to us for marking and you can move on and enrol in your next unit.

We suggest that you try and complete your assessments for the unit within 3 months of starting; however your enrolment is only valid for 6 months with Polytechnic West.

How long will it take me to complete the course?

Distance education will depend on your time commitment to complete the unit assessments. You can re enrol in your next unit at any time by phone!

What skills do I need to complete the course?

It is recommended that students have access to a computer and are able to use programs such as Microsoft Word and Excel. Access to the internet is also highly recommended.

BSB30707 Certificate III in Occupational Health and Safety

This is a training program that leads to the completion of the Business Services Training Package BSB07 qualification BSB30707.

This course provides you with the practical skills and knowledge to work within entry level positions in the field of OH&S.
